

CASTLE JUNIORS FOOTBALL CLUB

Environmental Policy - Version 2

1.0 Introduction

1.1 Castle Juniors Football Club believes that we have a responsibility to care for and protect the environment in which we operate. We are fully committed to improving environmental performance across all of our business activities and will encourage our business partners and members of the wider community to join us in this effort.

2.0 Key Environmental Impact Areas

2.1 The Club recognises our key impacts to be in the following areas:

- Energy use
- Raw material use
- Waste generation
- Emissions to air/water
- Water use
- Transport
- Procurement

3.0 Principles

3.1 The Club will strive, wherever possible, to comply with the following principles in all of its business activities:

- Adopt the highest environmental standards in all areas of operation, meeting and exceeding all relevant legislative requirements
- Assess our organisational activities and identify areas where we can minimise our impact in the key business areas outlined above
- Minimise waste through careful and efficient use of all materials and energy
- Purchase sustainable products wherever feasible (for example recycled, FSC or low environmental impact products) and energy from renewable sources
- Publicise our environmental position
- Ensure that all Club members consider good environmental practice
- Reduce risks from environmental, health or safety hazards for members and others in the vicinity of our operations

- Adopt an environmentally sound transport strategy by encouraging lift-sharing to venues and car-pooling for attendance at training and other Club-related activity
- Aim to include environmental and ethical considerations in investment decisions where appropriate
- Assist in developing solutions to environmental problems
- Continually assess the environmental impact of all our operations
